castle planks*

COLLECTION  
**ART XXL**

# COLLECTION ART XXL

## Product structure and technical data

The special dimension **260 x 2,800 mm** demands the highest precision in production and laying and is the epitome of exclusive and high-quality living. The large surface area of the planks, with only a few elements, characterizes every room-filling architecture.

The safest installation of parquet is guaranteed by full-surface gluing. Thanks to the **patented drop-down connection**, however, the floors from the Art XXL Collection can also be laid simply as a floating floor.

The appearance is characterized by a unique interplay of knots, Grain and cracks on the expressive oak floorboards. The result is a lively floor with a natural shine and noble feel.

There are four surfaces to choose from, all of which are oiled ready for living.

### Specification

Classic Oak single plank

### Grading

*Rustic*: knotty sorting with sapwood content

### Surface

Oil coated with natural oil oxidative

Transparent oiled with SafeTOP® technology

### Packing

Neutral, wrap-around packaging, with product sticker affixed to the front. Installation instructions and care instructions are included in every other package.

## Extra long castle planks

**SafeTop®** technology stands for highest standards in surface processing. It is the perfect finishing to fulfil the wish for a natural raw timber effect.

The oxidative oiled surface is extremely matte and conserves the natural optics without any intensification. The flooring has an end finishing and can be used directly after the installation.
