COLLECTION CLASSIC XL

Product structure and technical data

Parquet is warm, genuine and unique. This creates a wonderful living feeling.

highest demands preserves the character of the wood while ensuring reliable protection of the planks.

The product selection from the **Classic XL Collection** takes this claim into account. The XL stands as a quality feature for the 260 mm extra wide lock planks.

The patented drop-down click connection ensures quick, easy and clean installation of the wood floor - both floating and with full-surface gluing.

The Collection includes five products with oiled surfaces, a smoked look and the innovative **SafeTop® raw wood look**. This special finish for the

Specification

SafeTop[®] technology stands for highest standards in surface processing. It is the perfect finishing to fulfil the wish for a natural raw timber effect. The oxidative oiled surface is extremely matte and conserves the natural optics without any intensification. The flooring has an end finishing and can be used directly after the installation.
