Product structure and technical data

Parquet is warm, genuine and unique, which creates a wonderful living feeling.

The product selection from the **CLASSIC PLUS COLLECTION** takes this claim into account. The PLUS stands as a quality feature for the 4 mm thick wear layer.

Our Oak wood of European origin is available in rustic assortment and three surface colors surface.

In addition to elegant oak colors, the selection is rounded off by harmonious larch and American walnut. Also in terms of surface finish, natural or white oiled products are included in the range of products.
